Dr. Justine Pawlukewicz,
Human Services Department NAMN 401
New York City College of Technology
300 Jay St,
Brooklyn, NY 11201

Dear Dr. Pawlukewicz,

The CSHSE Board reviewed the narrative and documented evidence submitted in the follow-up report that was submitted at the Board's request based on the June 2019 conditional accreditation decision of the Human Services baccalaureate program at New York City College of Technology. Upon review of the submitted information, the Board approved accreditation with no conditions of the baccalaureate Human Services program because the submitted report and documents demonstrated compliance of the three Standards: Standard 2f, Standard 4b2, and Standard 9a, d. The Human Services BS program is accredited for the June 2018-June 2023 cycle. The next accreditation cycle will require a site visit

The Board reviewed the narrative and submitted documented evidence in the follow-up report for the conditional accreditation decision with the following compliance decisions:

1. Standard 2f: The Matrix must be completed with only core human service courses that are taken by every student for graduation. There shall be no elective or option courses on the Matrix. **The program is now in compliance with this specification.**
2. Standard 4b2: The additional information provided data but no summary analysis of the data. Submit a summary that analyzes the data. **The program is now in compliance with this standard**
3. Standard 9a The program shall have adequate faculty, staff, and program resources. The program must provide documentation of budget accounting that demonstrates sufficient funding, faculty, and staff to provide an ongoing and stable program. There must be a narrative describing how the program provides input to the budget process, and accounting documents of how the funds are spent on the program. The narrative must provide a description of how to read and interpret the budget spreadsheet. The program must provide

documentation of a program budget specifically for the baccalaureate program, an explanation of how the program submits requests for budget needs, how the requests are processed, how the funds are allocated, and a final approved proposed budget with current spending.

Standard 9d Provide a detailed description and supporting evidence that there is adequate resource support (e.g. technology, library, computer labs, etc.) to meet the needs of students, faculty, and administration.

The program is now in compliance with Standard 9a and 9d for the baccalaureate degree program.

As an accredited program, the Program must regularly review information on the CSHSE website, <https://cshse.org>, for any new changes in policies and standards. Your program must use the standards that are in effect at the time when the application is submitted for the next accreditation cycle.

During this accreditation cycle, your accredited program has the responsibility to maintain active CSHSE membership each year of the accreditation cycle for the accreditation status to remain in good standing. (Membership Handbook, Accreditation and Self-Study Guidelines, July 2019, p. 7-8). Additionally, the accredited program shall ensure that the program representative contact information remains current with CSHSE and ASCENT Management, LLC and is updated as needed.

Please refer to the Board actions for maintaining accreditation in Appendix I of the July 2019 Member Handbook, pp. 97-98. Your Program must ensure that program and student achievement indicators on the CSHSE website remain accurate (within 2 years of the current academic year) and the hyperlinks remain active. The CSHSE will review this information at each board meeting, February, June, and October. Contact the CSHSE VPA or ASCENT Management, LLC if a hyperlink must be revised so that our website is current with your program information.

As stated above, your next reaccreditation will be June 2023. **A copy of the June 2019 tabled decision letter, the October 2019 conditional accreditation decision letter, and this February 2020 accreditation letter needs to accompany your next self-study.** The next self-study for the baccalaureate program must be a unique self-study document which differentiates the BS program from your AAS Human Services program. There shall be a self-study template, documented evidence, and the curriculum baccalaureate degree Matrix demonstrating only standard compliance with your baccalaureate degree program. Ensure ease of navigation for the Readers by using embedded links within the narrative to your supporting documents.
